

KANSAS STATE UNIVERSITY

EXPERIENCE

NEWSLETTER 2017

STUDY IN USA

The USA has the world's largest international student population, with more than 1,000,000 students choosing to broaden their education and life experience in the United States. Nearly 5% of all students enrolled in higher-level education in the USA are international students, and the numbers are growing. From the mid-1950's, when international student enrollment was only just reaching 35,000, international education in the USA has come a long way.

The work put together by the team of GTU and team of the KSU has lead to the success of the program. In the year 2017 where 64 students have been to summer program at both the universities. GTU is thankful to all of its faculty deans and professors who have jointly work with the KSU faculties for subject mapping work and co-ordination work. We would also like to thank all the processors from KSU who share their experience with GTU students and share their knowledge with GTU students. In to Last but not to least, we would like to thanks those students who have really work hard to keep up to gain the success with the KSU programs and at the same time stay discipline, completed the program successfully and gain the extra ordinary experience with KSU.

 MAINLY REQUIREMENT FOR INTERNATIONAL EXPREIENCE PROGRAM THAT:

- To get Explore and to advocate a different experience for studying.
- In the foreign universities, in which students go, have more expertise on their learning subjects, which the students are going to study there. So it is beneficial for our students to study the core concepts of the subjects.
- The student will also seek benefit during finding a good job. This certificate of having studied in such universities would act as an accolade for the upcoming students.
- The student will also seek benefit during finding a good job. This certificate of having studied in such universities would act as an accolade for the upcoming students.

PEACEFUL CITY AND BEAUTY OF MANHATTAN, KS

Manhattan is known for its lavish green fields, peace and off course the k-state. Nicknamed "The Little Apple" as a play on New York City's "Big Apple", Manhattan is located in northeastern part of the state of Kansas. The appealing beauty is enough to mesmerize any one who visits the Little Apple. Birds chirping in the early morning, fire flies glittering in lovely evening adds to the scenic beauty of Manhattan. Trailing passes of Konza are really adventurous and travelers witness the gracious view of nature and wildlife.

Attraction in Manhattan

KS Tuttle Creek Lake

A perfect place for summer where people can refresh themselves in the midst of nature enjoying blooming sunset. The 12,000-acre wildlife area adjacent to the park offers excellent hunting and wildlife watching opportunities. Four units (River Pond, Cedar Ridge, Fancy Creek and Randolph) make up the 1,200 - Acre Park. Electric and water hookups, a swimming beach, boat ramps, courtesy docks, and dump stations are available. Campgrounds contain 159 water/electric campsites, 8 electric/water/sewer campsites, 24 electric-only campsites. In the Tuttle Creek Lake great amazing boating and superb view and nature. Those seen are too attractive to relax and enjoying weekend. We feel better to close with nature and saw the beauty of nature. That's amazing place we explore in Manhattan.

KONZA PRAIRIE

The Konza Prairie Biological Station is a 8,616 acre preserve of native tallgrass prairie in the Flint Hills of northeastern Kansas. It is located south of Manhattan, Kansas and its southern boundary parallels Interstate 70. A scenic overlook exists on the preserve's eastern boundary along K-177.

The KSU staff arranged hiking program at weekend morning. We 64 students are enjoy the hiking. The respective member of KONZA PRAIRIE are fully understand about the their nature and discovered plant and more. And they realize that what we gain from nature and what is the nature. That the wonderful experience about nature and part of our program.

FLINT HILLS DISCOVERY CENTER

The Flint Hills Discovery Center Foundation functions to advance the mission of the Flint Hills Discovery Center by providing support for its programs and initiatives, ensuring stewardship of the region's tallgrass prairie. The Flint Hills of Kansas and the Osage Hills of northern Oklahoma are the last substantial contiguous stand of tallgrass prairie in North America, and one of the world's most endangered ecosystems. The FHDC mission is that inspires people to celebrate, explore and care for the Flint Hills.

In FHDC that we know the real fact and some special discovery in the flint hill and gives the knowledge about there current and running discoveries. After visit the FHDC we know the how we can save the nature and protect our environment. End of this FHDC is going well & better and make nature beautiful.

The Journey of 64 Students Who Are Confident, Excited & Full of Enthusiasm Ready to Explore a whole New Culture and whole New Place. And Developing Oneself To The Finest Level And Eager To Learn Something And To Experiencing a New Thing Under A University with a Great Teaching Staff Ready To Have Experiences Better And Less Bad, Making Friends For Ever & Having Memorable Memories Of lifetime.

We special thanks to GUJARAT TECHNOLOGICAL UNIVERSITY | KANSAS STATE UNIVERSITY

About Kansas State University

K-States consider themselves family, and that belief shines through contributions as diverse as our members. Researchers invent solutions to problems that could save a life halfway across the world, and students band together on a Saturday morning for community service. Thousands of Wildcat fans pack our stadiums shouting in unison, and our leadership guides us in ways befitting the obligations of a land-grant university.

We have arrived at K-state University at June 5th, 2017 & 7th & 8th among 64 students. We feel better and more enthusiasm for the K-State University and USA. The main impressive thing about the university is nature, location, method of study, giving best facility from university, reliable and helpful peoples, best skilled teachers and good supportive nature which impress you for K-State University.

MOORE HALL

AFTER ARRIVAL IN MANHATTAN, KS KSU GIVE HOME LIKE ROOM IN MOORE HALL. WHICH HAS BETTER FACILITY WITH SAFETY PRECAUTION EQUIPMENTS. MAKE YOUR LIVING BETTER. MOORE HALL HAS 9 FLOOR BUILDING WHICH BEST IN KSU. MOORE HALL ALL FACILITY IS TOO GOOD AND COMFORTABLE. AND THEY GIVES FOOD AT DERBY DINING CENTER 3 TIMES PER DAY. THEY GIVES 24 HRS FRONT RECEPTION DESK FOR ANY HELP IN MOORE HALL.

Infrastructure of Moore Hall's Room

After reaching the USA at Kansas State University they provide best comfortable rooms. In the more hall they provide neat clean room as on the photo. They provide in the room bed, table, chair, bed, mattress, cushion, dustbin per each student. They provide the room for 2 students. They gives air conditioning room as per temperature which have temperature sensor and remote controller. They provide restroom each wing. Each floor have 2 wing. The cleanness makes the stay great and amazing. They also provide fire safety alarm with water spray in room. They gives large, medium, small towel for US.

...welcome to DERBY DINING CENTER

ABOUT DERBY DINING CENTER

I'm always asked, 'What's the secret to success?' But there are no secrets. Be humble. Be hungry. And always be the hardest worker in the room.

In the dining they serve different varieties of food with Veg. & Non-Veg., the serving quality and freshness and cleanness are to good as more than expected. The Derby Dining Center serve 3 times meal per day (Sunday lunch not served). As we show they always check the food quality and maintain that for good health. Sometimes derby center member will take feedback with us for quality, satisfaction and about taste like that. They do trying do best.

ATFER SOME REST AND DINNER & LUNCH EVERY PERSON NEED THE REST OF THEIR MIND. IN THAT WAY THE MOORE PROVIDE THE PLAYING ROOM AND TELEVISION AND CAN WE WATCH & PLAY FROM OWN DEVICE AND ENJOY IACT. MOORE PROVIDE BEST HUMAN CARING FACILITY. IN THE GOUND FLOOR OF MOORE HALL THAT PROVIDE TABLE TENNIS, POOL TABLE AND TELEVISION FOR ENJOYMENT AND PASSING TIME. IN GROUND FLOOR THEY GIVES LOUNDRY SECTION AND WEIGHT ROOM (GYM). THAT MAKES GREAT HALL CARING SENSES.

Rathbone Hall

After the long run we reach at that destination which that is RATHBONE HALL Engineering hall. We started our study journey from here. The hall has best infrastructure and best student facilities. They gives best facilities for student that makes you better in study. In Rathbone hall they provide silent environment for best studying and make concentrate in the study that makes you perfect in your field of subject which you want understand. We really impress with that type of campus and their facilities.

RATHBONE HALL

The image shows the interior of Rathbone Hall, a modern multi-story building. On the left, a wide staircase with glass railings leads to an upper level. The upper level features glass railings and a sign that reads "Department of Computer Science". The ground floor is a large, open space with a polished floor. In the background, there are large windows and a glass entrance. On the right, a glass entrance is visible with a sign that reads "K-STATE COLLEGE ENGINEERING". The building has a modern design with a mix of wood paneling and glass.

Inside Rathbone Hall:

The three Mechanical & Nuclear Engineering computer laboratories located within Rathbone and Ward Halls are a common meeting ground for many Mechanical and Nuclear engineers, as well as members of the faculty. These labs are often considered among the best on campus. The building is named after former dean of Engineering, Donald E. Rathbone. The all IEP students are studied in the Rathbone hall in separate section. The Mechanical Engineering and Electrical & Electrical Communication Engineering students are studied in one floor with pretty better environment.

in this

FIEDLER HALL

Fiedler Hall:

Fiedler Hall was added onto the west end of Rathbone Hall and was completed in 2000. The building was dedicated on September 9, 2000 to George and Alice Fiedler. George was an inductee into the Kansas State Engineering Hall of Fame. Fiedler Hall is also home to Fiedler Library, which is an offshoot of Hale, the main campus library. In addition to serving as a "sub-library" it provides the students with a more focused line of literature that is more aligned with the overall nature of the Engineering complex.

Paslay Auditorium:

In this auditorium all mechanical students are start the studied from here. In this hall we and Dr. Kevin Wanklyn (POWER PLANT ENGINEERING) & Dr. Maher Shehadi (MACHINE DESIGN) are start journey from here. This auditorium has better facility and huge people capacity. So we can enjoy the study and feel better . in this auditorium can get better environment and study with two display projection system. So that we can enjoy the moment of study. We all thanks to Kansas State University to give type study facility for us.

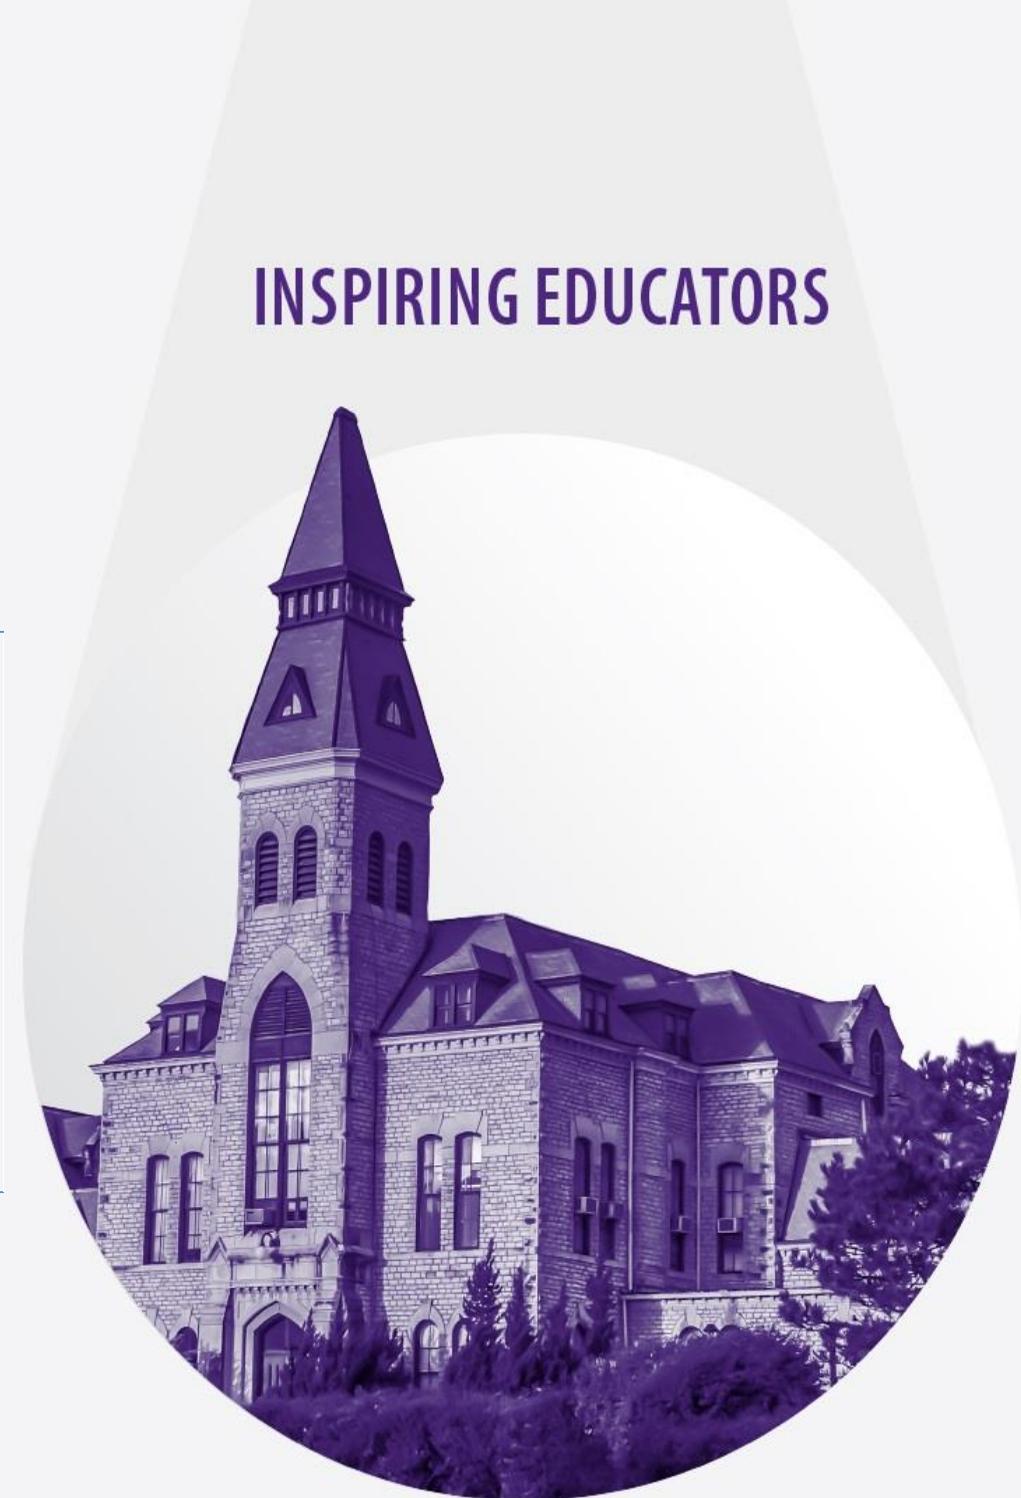

Teaching & Learning Center

K-State

INSPIRING EDUCATORS

Every classroom not complete with only student and students not get way to success without Teachers. The Teacher is only that come nearly to the world. We thanks to all teacher who help to let know the world and help to way of success

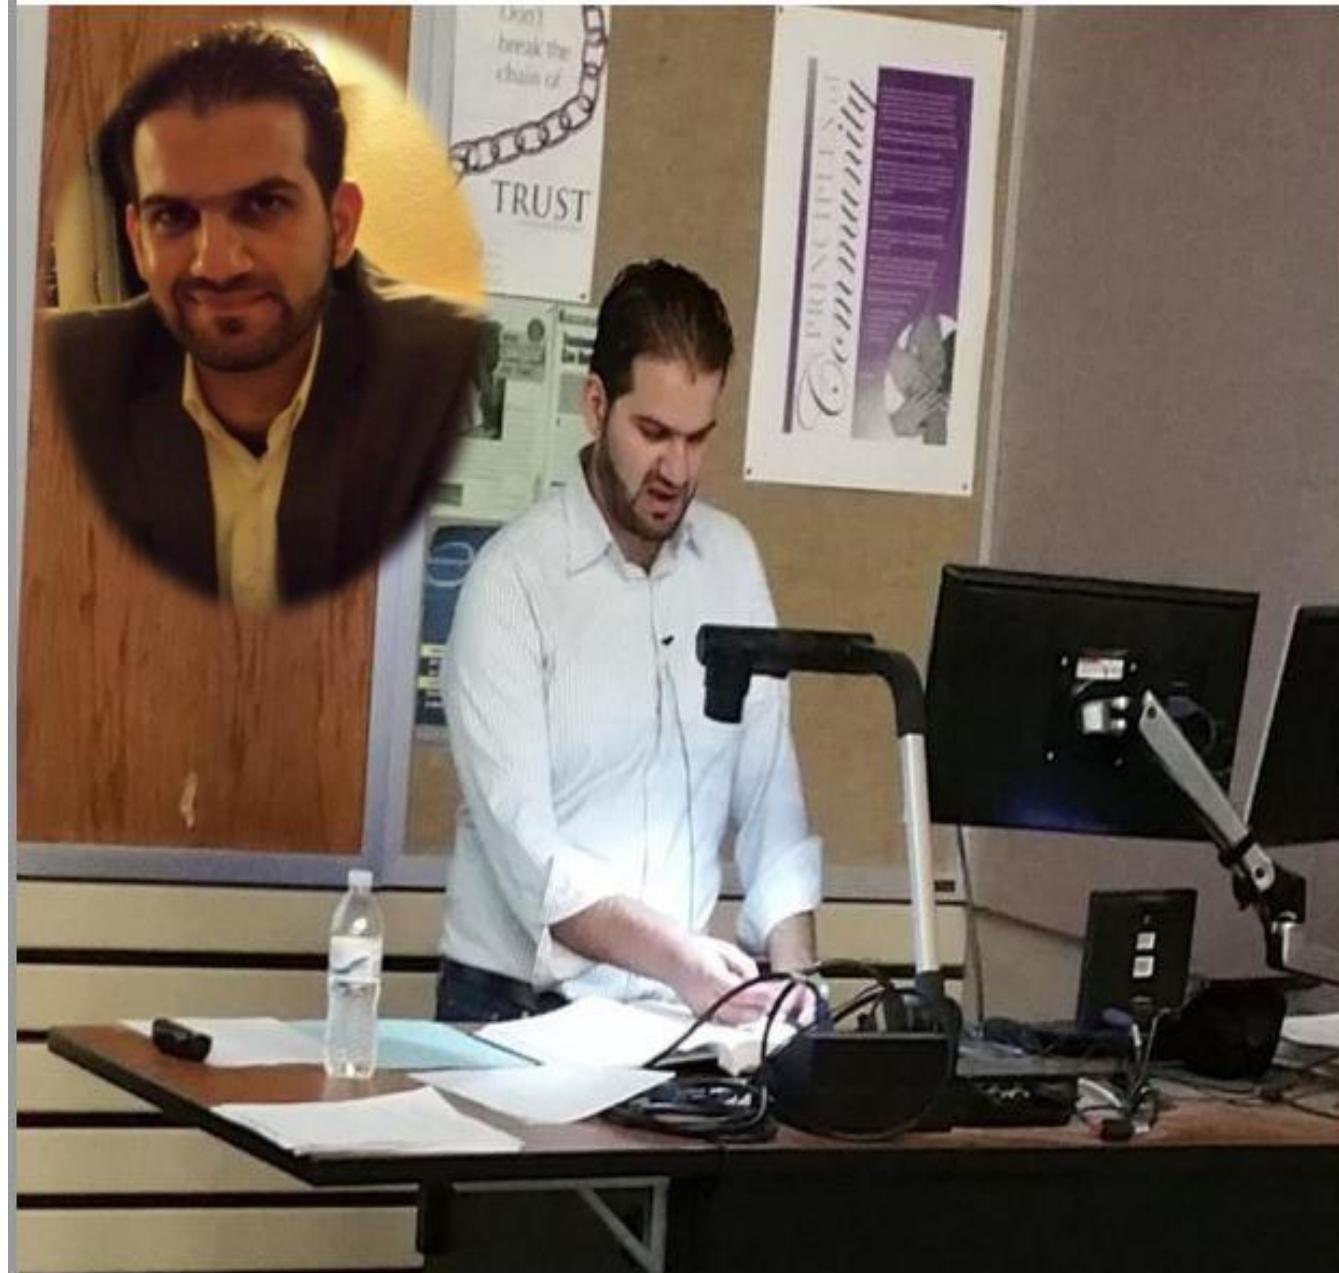

Dr. Kevin Wanklyn

(Power Plant Engineering)

Dr. Wanklyn runs a tight ship. There is a lot of homework, every lecture is packed with information, and his tests are challenging. However, Dr. Wanklyn provides many tools for success and fairly and adequately assesses his students understanding of classroom materials with his exams. He is very accessible and is very responsive to feedback. Dr. Wanklyn is an amazing guy. He really cares about his students and really tries to help. However, his course structure is just too much. There's an insane amount of HW every week, and its straight-forward. His tests are almost guaranteed to have at providing and increasing knowledge. This type professor can help to give way to success.

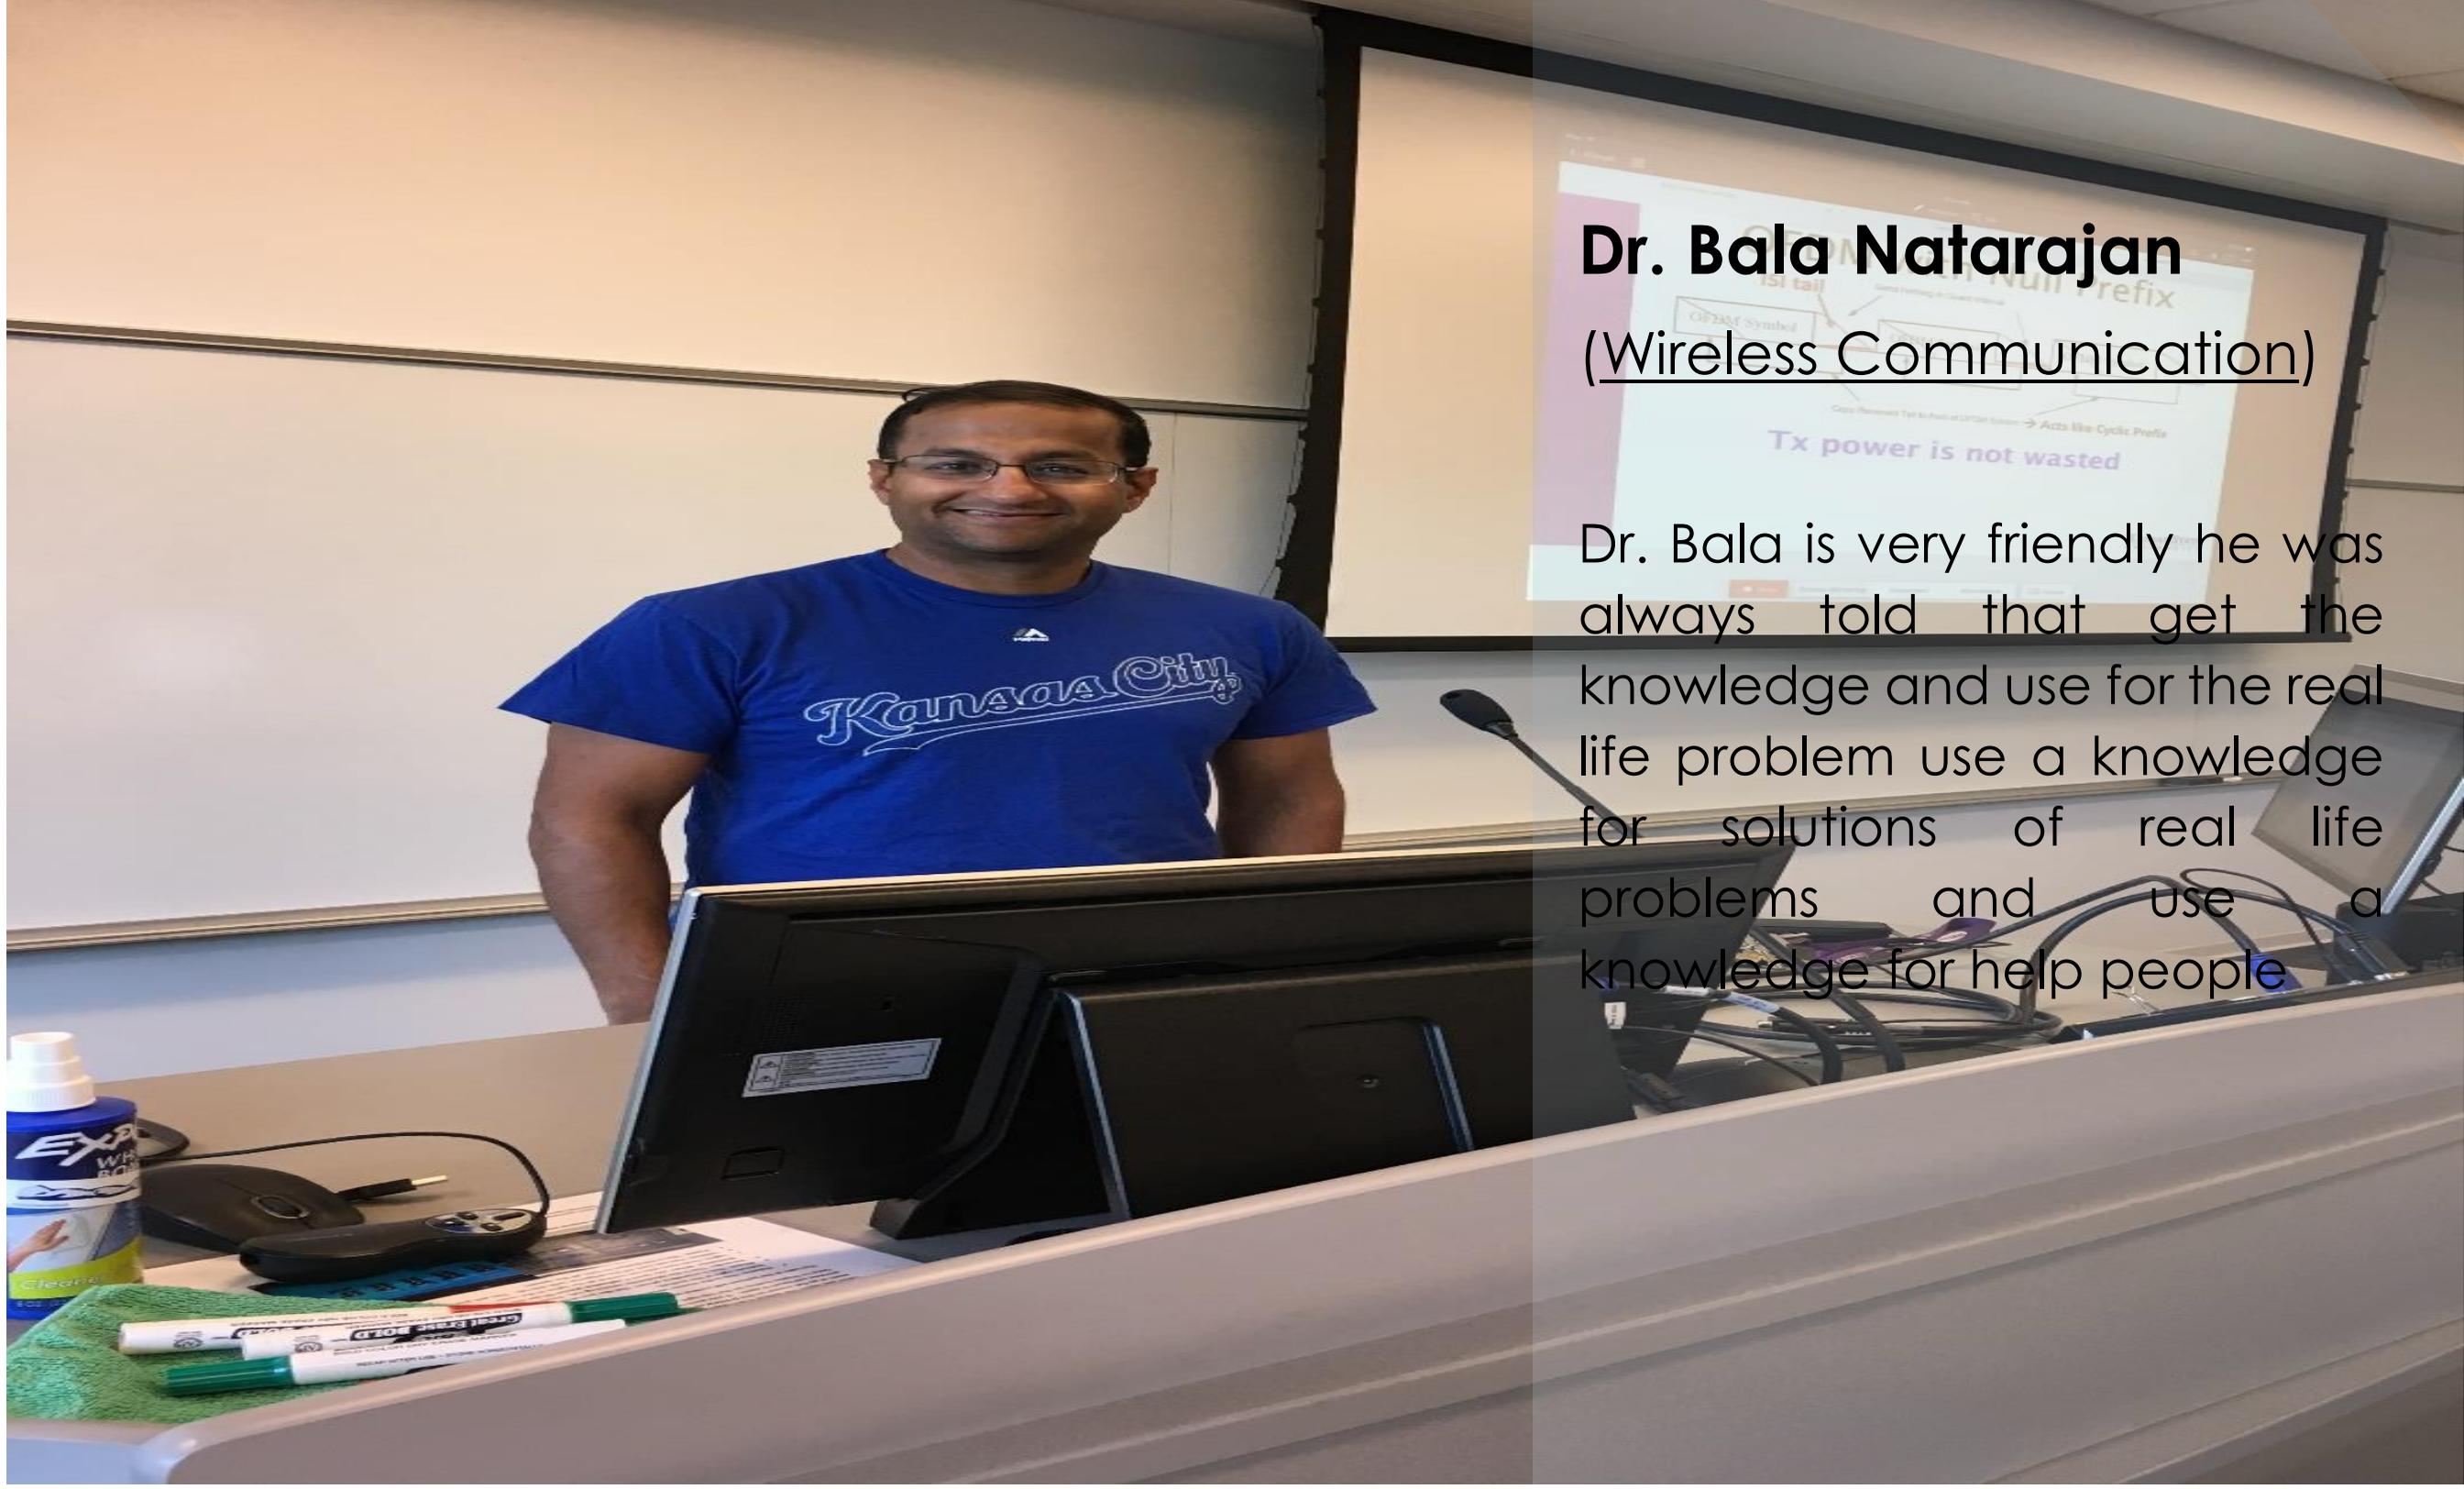

Dr. Maher Shehadi

(Machine Design)

This was his teaching machined design and he was WAY too hard on himself, because he did an awesome job. The class was tough, but he was so helpful and always has his office open if you have questions. The kindest, humblest, most caring teacher I've had ever. He is extremely passionate about the subject and is always willing to help you. He does give a less of homework bot gives lots of knowledge and the tests are very competitive, but as said before he is more than happy to help you at any given time.

Dr. Bala Natarajan (Wireless Communication)

Dr. Bala is very friendly he was always told that get the knowledge and use for the real life problem use a knowledge for solutions of real life problems and use a knowledge for help people

Dr. Dwight Day

(Digital Signal Processing)

Dr. Day is pretty friendly, easy to talk to, and willing to help. The majority of the points for the class are in the labs which can be difficult but Dr. Day usually has very good input if you're stuck. The tests are open note, but some of the material on them is only mentioned in class. Dr. Day is one of the best professors at KSU. He's incredibly focused on helping students learn. His handouts and code examples are extremely helpful. He offers a ton of office hours-even on the weekends!-so that if students are having a hard time they can come to him for help. Simply a fantastic teacher.

TEACHING METHODS & TECHNIQUE

In the K-State University they provide the best facility for study. The University is provided the best classroom like Pasclay Auditorium in Rathbone hall and Fiedler Hall that like classroom make the studt better such as student need. There 4 Professor are teach the IEP student in their field. The Professor are full of knowledge and very good assistant to help to under stand the each and every topic and difficulties. As we shows that the maximum stuff is done in online. That teach that how the technology help to improve your knowledge. In this teaching method they mainly concentrate on the practical knowledge that improve actual knowledge. As we shown that the instructor and faculty are so friendly that we can enjoy the study and help to assist to any type of doubt. The all professor are very punctual as per time and they make us punctual. I most like the method of study and examination are so helpful to improve our study. In the exam professor Help to improve the atmosphere for best examination.

Peters Recreation Complex:

After the heavy study we spent time in Rec-Center. The Kansas State University has own quietly big recreation center. Inside the creation center that lots of creativity, activities tools are provided for own fitness, entertainment and enjoyment. The Recreation center is placed at north side of Kansas State University. In the Recreation center there lots of games played and available with their court. Many types of games are playing inside the recreation center and some types of games played outside of center. That place so amazing for us for playing games and enjoyment.

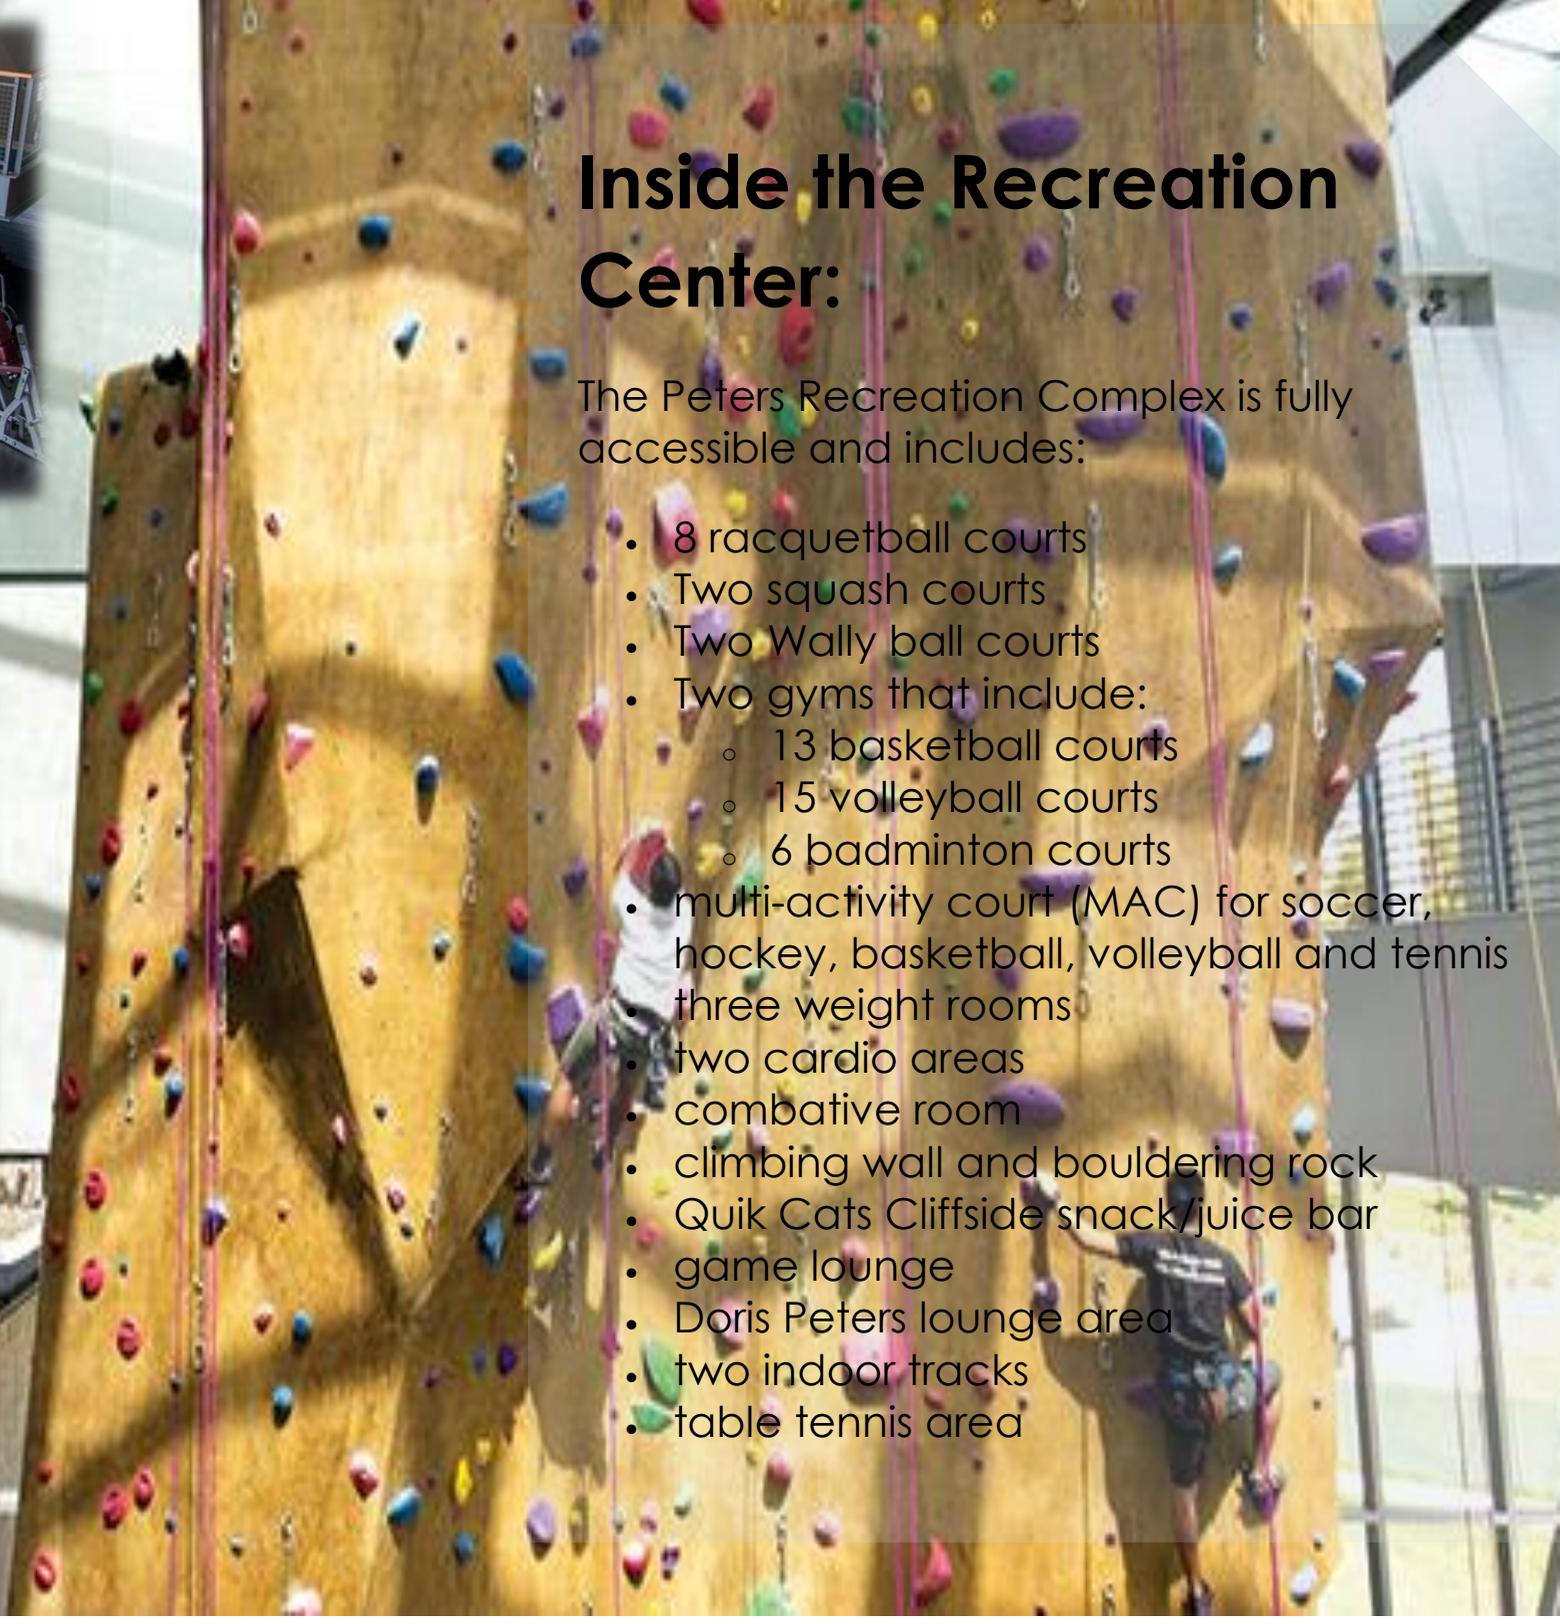

Inside the Recreation Center:

The Peters Recreation Complex is fully accessible and includes:

- 8 racquetball courts
- Two squash courts
- Two Wally ball courts
- Two gyms that include:
 - 13 basketball courts
 - 15 volleyball courts
 - 6 badminton courts
- multi-activity court (MAC) for soccer, hockey, basketball, volleyball and tennis
- three weight rooms
- two cardio areas
- combative room
- climbing wall and bouldering rock
- Quik Cats Cliffside snack/juice bar
- game lounge
- Doris Peters lounge area
- two indoor tracks
- table tennis area

Breakfast with Provost:

On the June 23rd 2017 on Friday morning with pretty good weather in KSU that day meetup and create some conversation with Hon'ble authorities of Kansas State University. In the Provost event the April Mason, Sue Maes (Dean), Usha Reddi (Mayor), Darren Dawson (Dean), William Dunn (Head), Don Gruenbacher (Head), Karen Hibbard (Director), Ass. Provost Grant Chapman, Dr. Niteen Patel & Dr. Ramani are part of the meetup. On the provost meetup all they are share the KSU information and vision to success behind KSU. And give information about learning and teaching methods in KSU and there future and past research area. In the provost they share amazing experience about KSU and every student get experience directly without and hesitation, that the meetup is better way to meet nearly to Hon'ble authorities.

KANSAS STATE UNIVERSITY

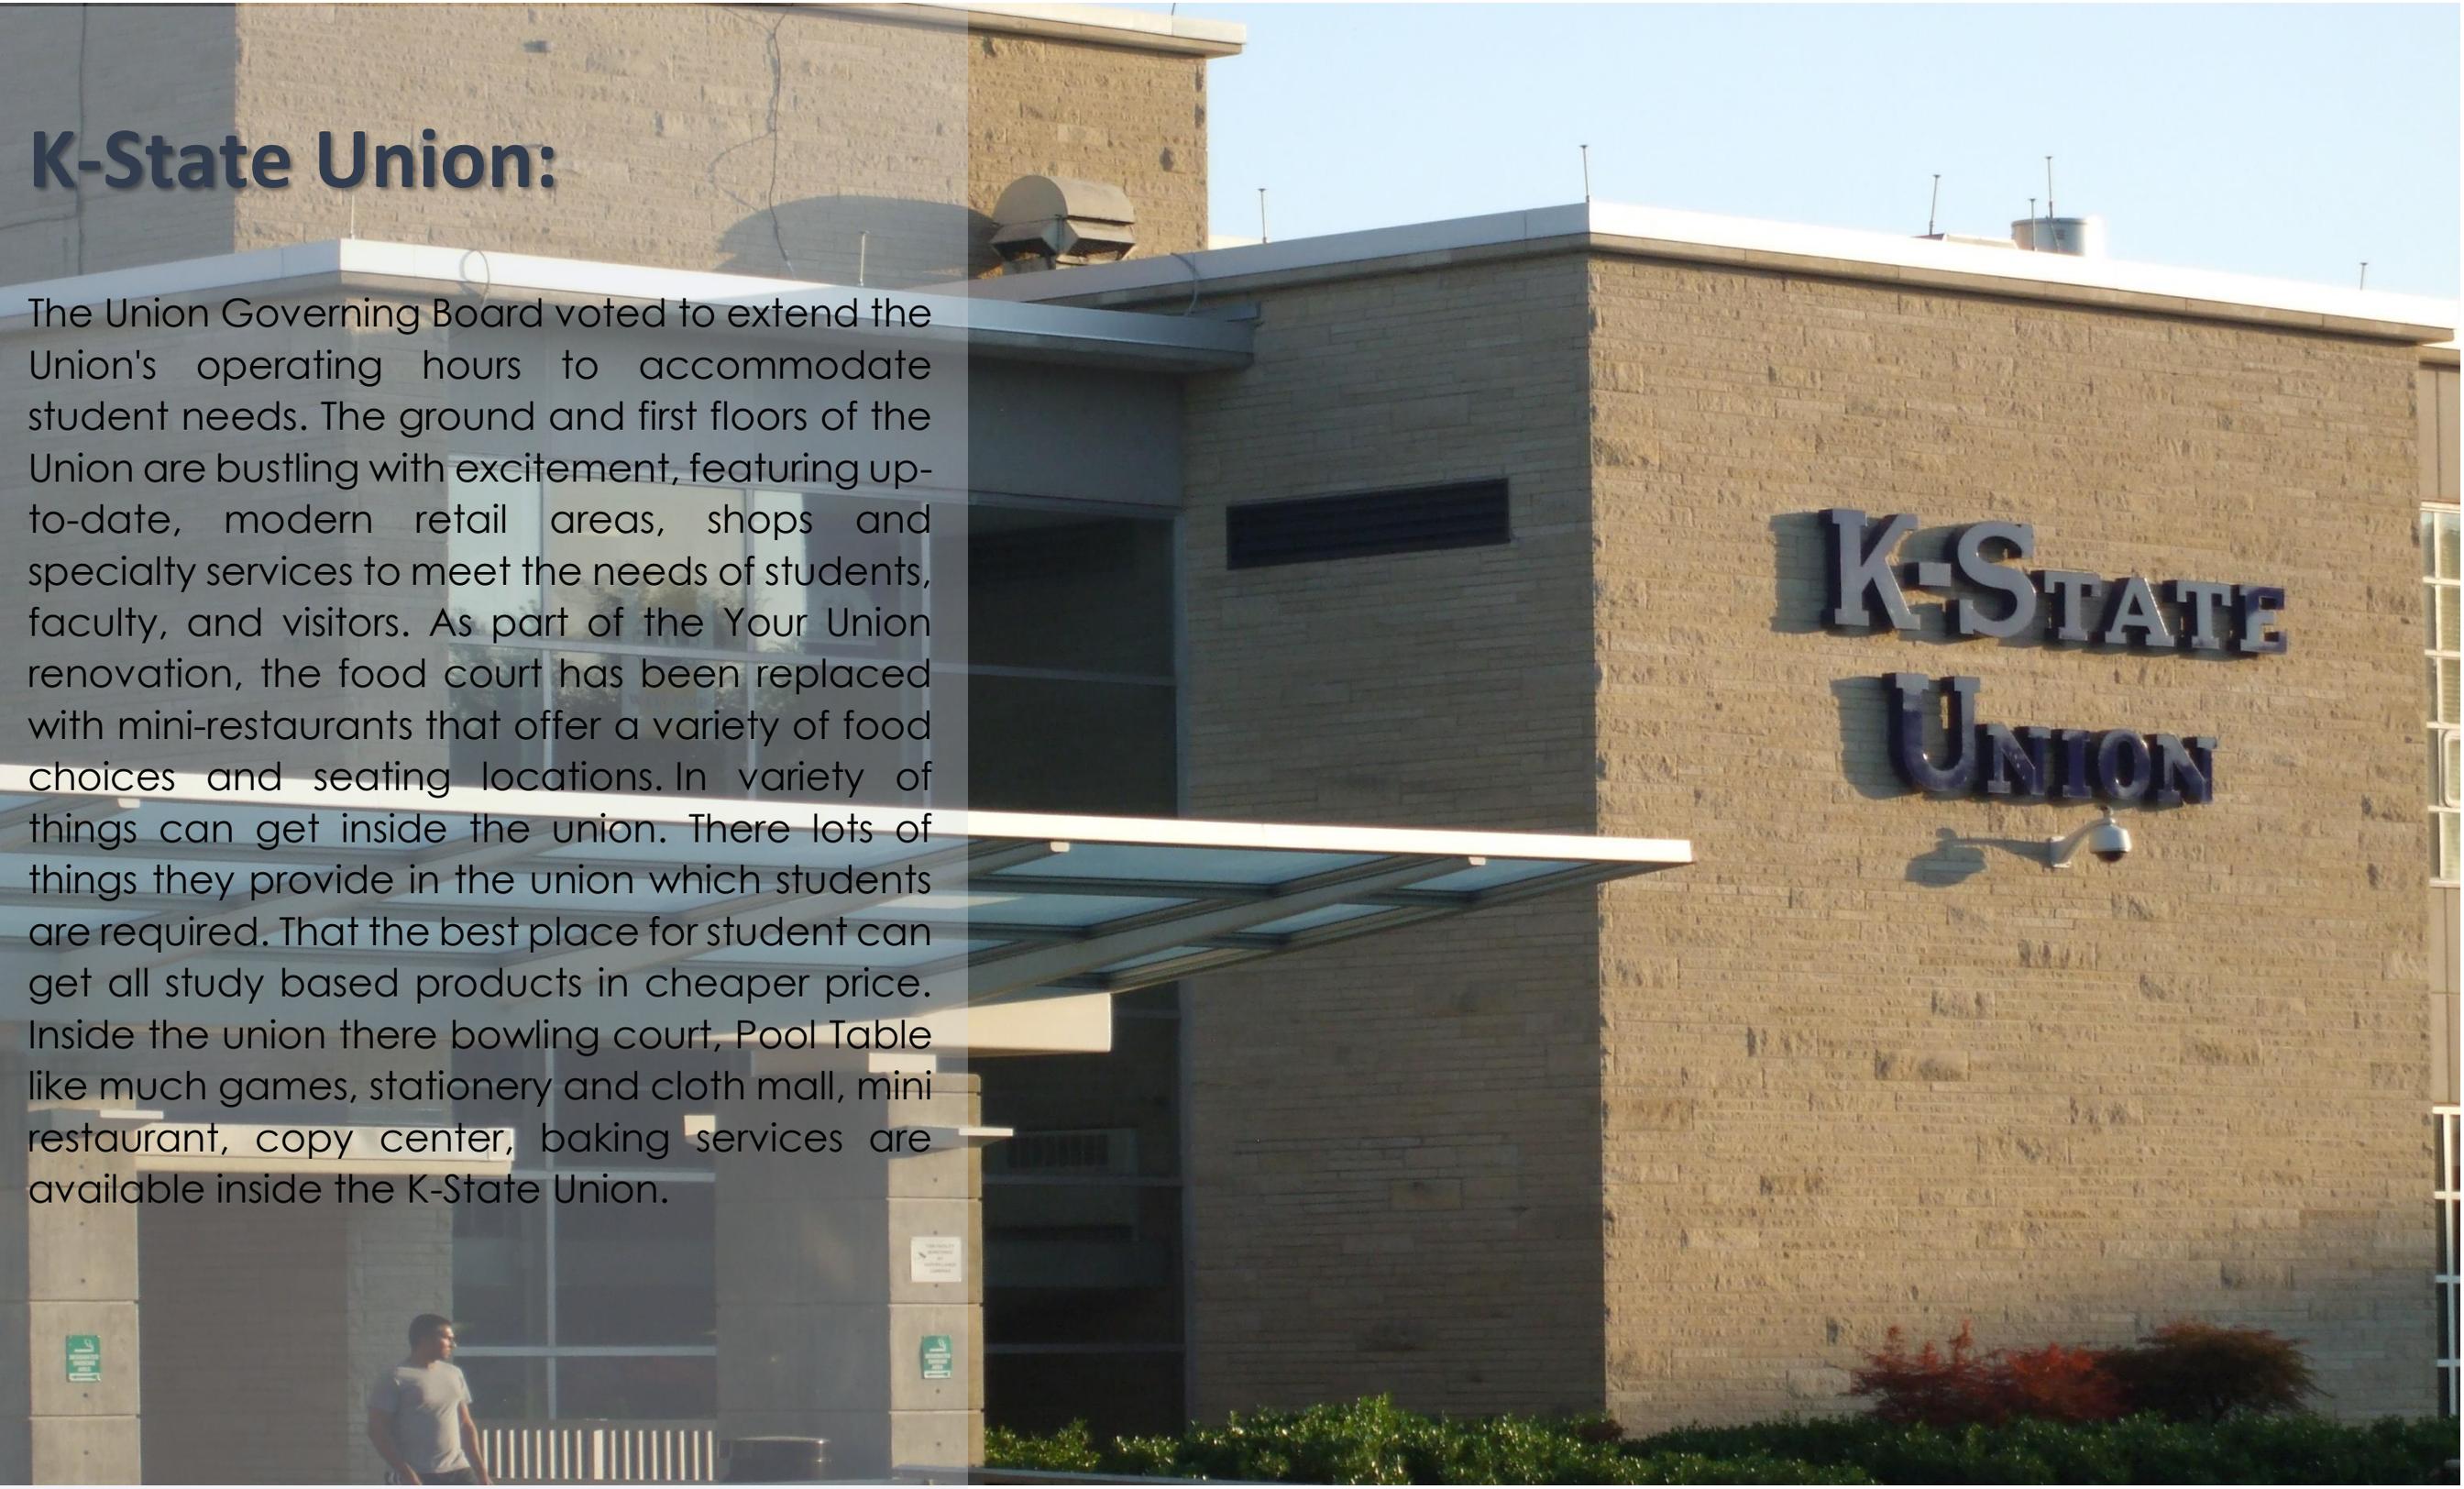

Shopping Around the Campus:

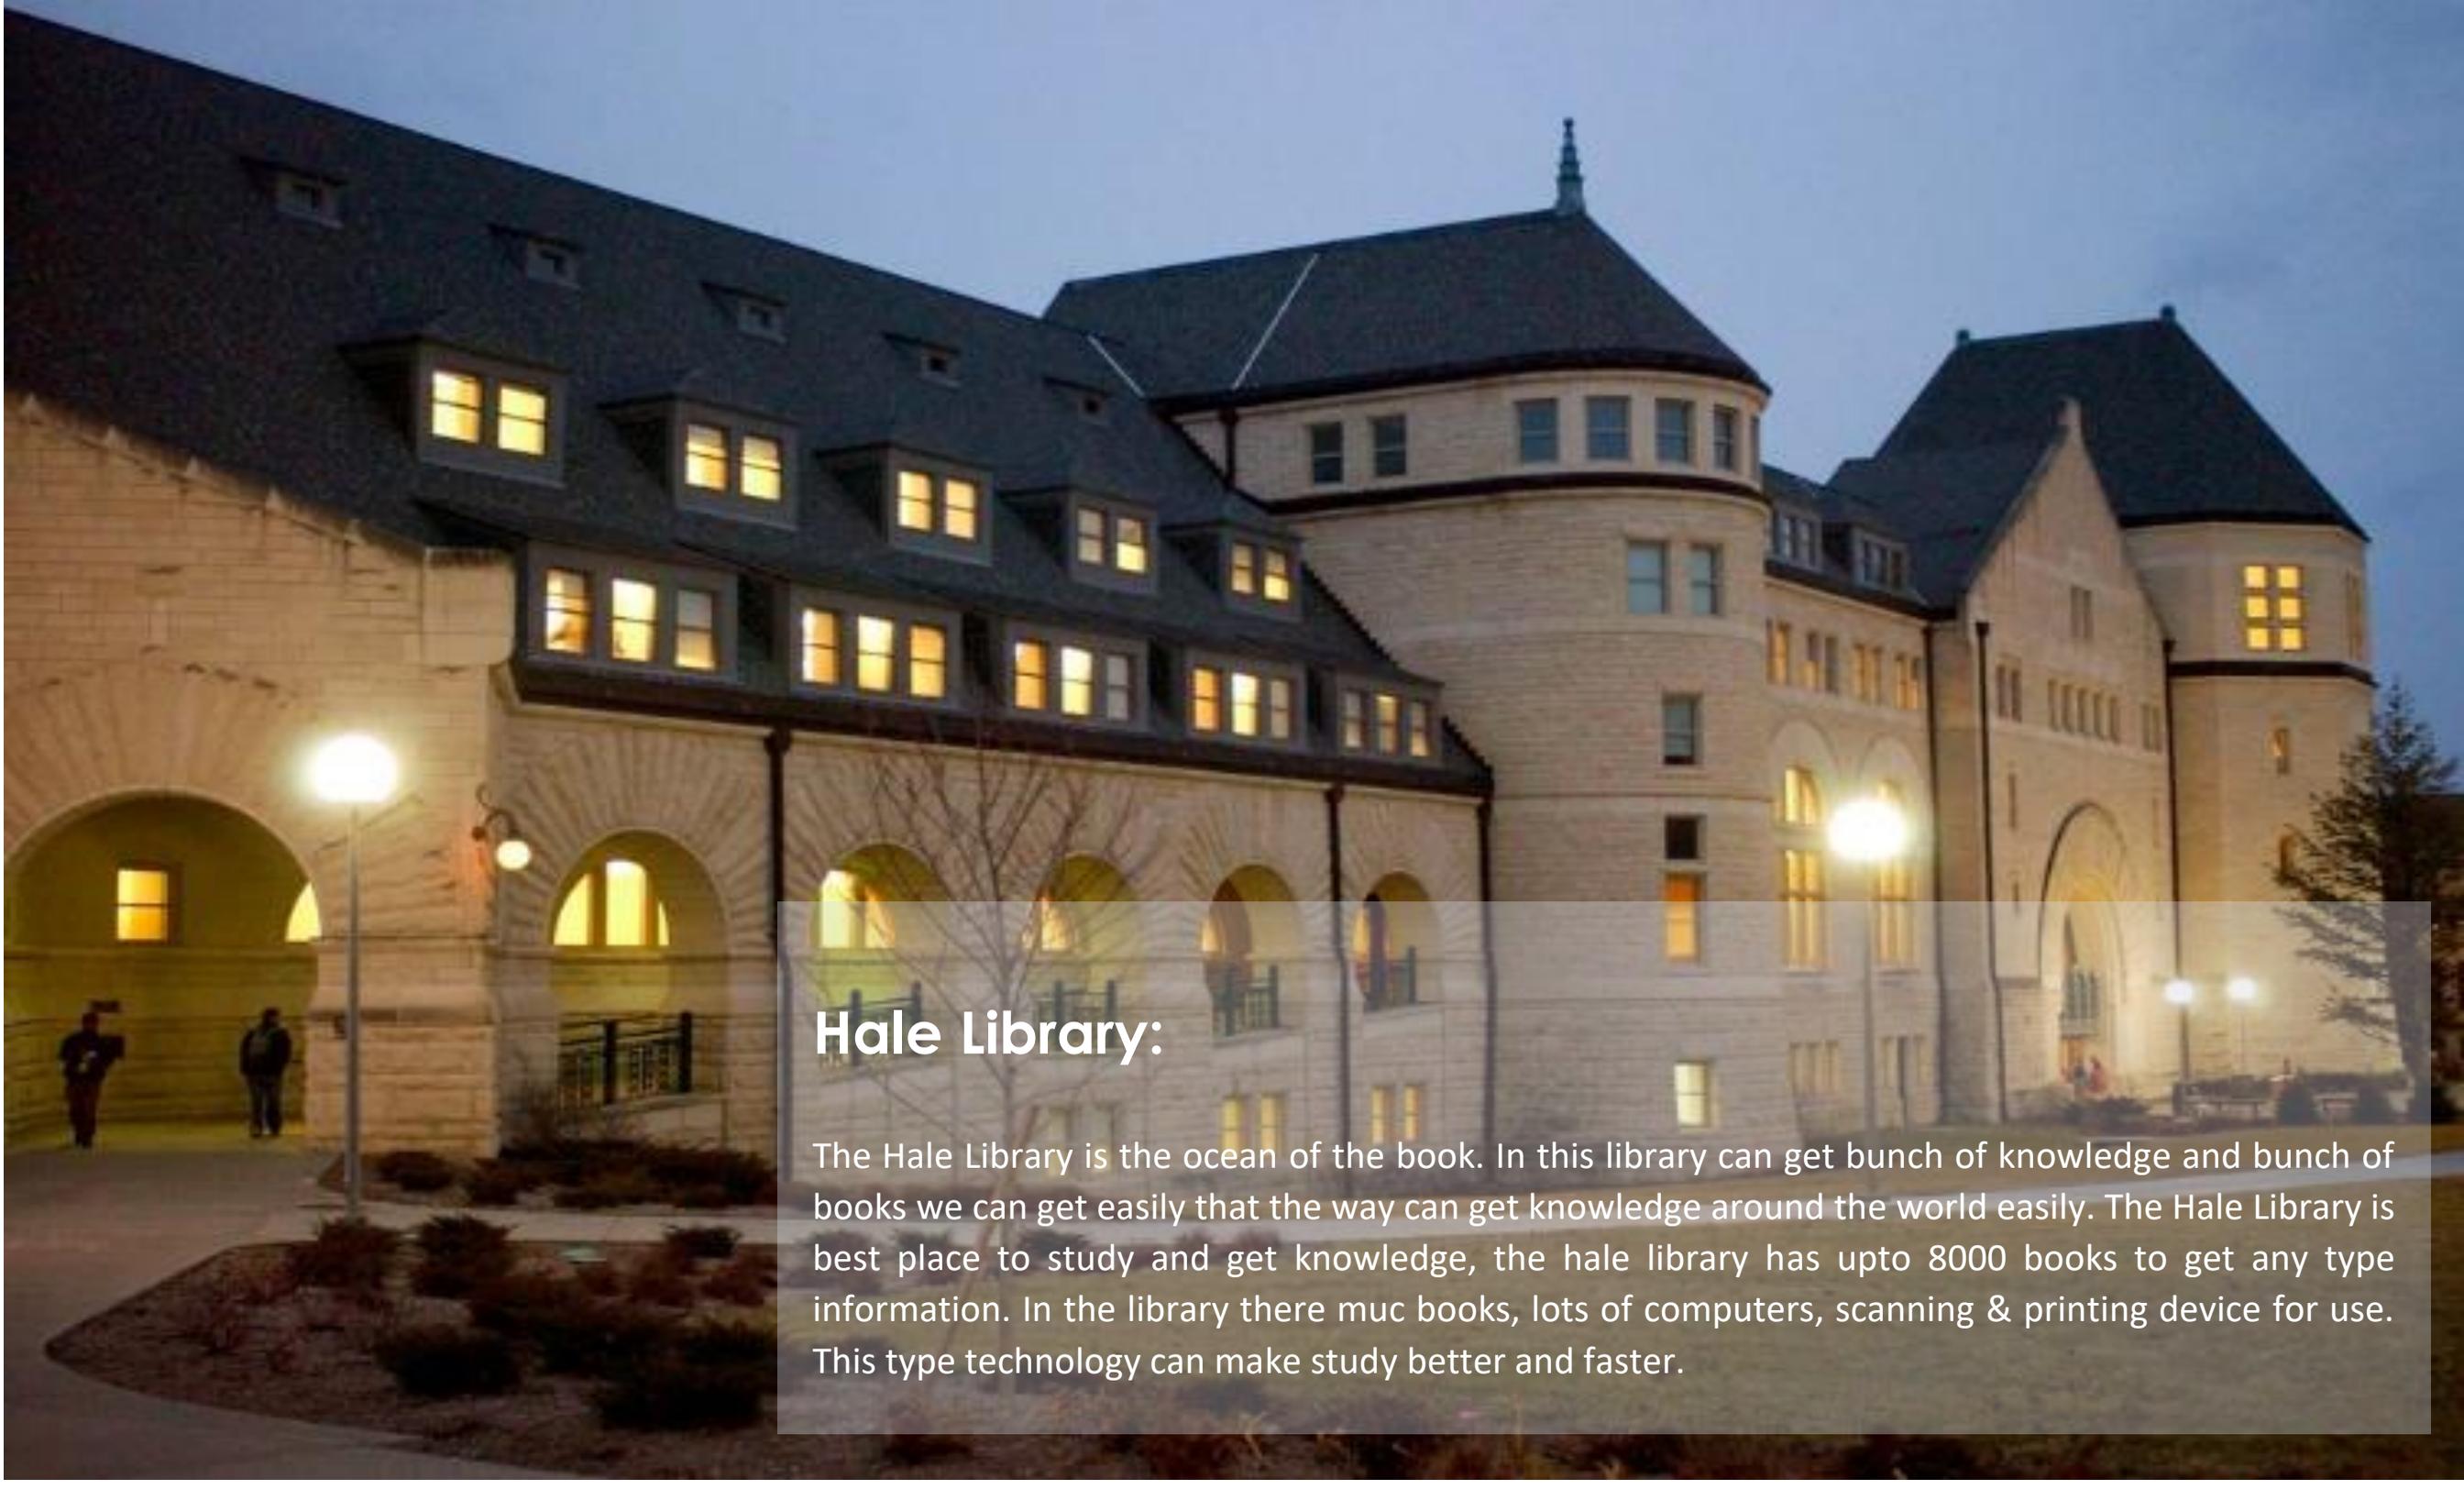

Every person has little bit hobby for shopping that they deserve. In around the campus within 2-2.3 miles there WALMART & MANHATTAN TOWN CENTER which are best place for the shopping. There we get most of required thing which we want in cheap price with best quality. In WALMART we buy food, clothes and other necessary items in that WALMART is open 24 Hrs. In the TOWN CENTER we buy variety of clothes, shoes, accessories and much more with better quality. That makes better place to make fun with shopping.

K-State Union:

The Union Governing Board voted to extend the Union's operating hours to accommodate student needs. The ground and first floors of the Union are bustling with excitement, featuring up-to-date, modern retail areas, shops and specialty services to meet the needs of students, faculty, and visitors. As part of the Your Union renovation, the food court has been replaced with mini-restaurants that offer a variety of food choices and seating locations. In variety of things can get inside the union. There lots of things they provide in the union which students are required. That the best place for student can get all study based products in cheaper price. Inside the union there bowling court, Pool Table like much games, stationery and cloth mall, mini restaurant, copy center, baking services are available inside the K-State Union.

The image shows the exterior of the K-State Union building, a multi-story structure with a light-colored stone or brick facade. A large, three-dimensional sign on the right side of the building reads "K-STATE" in a bold, sans-serif font, with "UNION" below it in a similar style. The sign is mounted on the wall and casts a shadow. To the left of the sign, there is a modern architectural feature consisting of a series of horizontal concrete slabs supported by vertical posts, creating a covered walkway or entrance area. A person is visible walking under this structure. The sky is clear and blue, and there are some green plants and bushes in the foreground at the bottom of the frame.

K-STATE
UNION

Hale Library:

The Hale Library is the ocean of the book. In this library can get bunch of knowledge and bunch of books we can get easily that the way can get knowledge around the world easily. The Hale Library is best place to study and get knowledge, the hale library has upto 8000 books to get any type information. In the library there muc books, lots of computers, scanning & printing device for use. This type technology can make study better and faster.

JEFFERY POWER PLANT is our practical knowledge way to understand our study. Jeffery is produced energy by coal with mechanical instrument which help to improve our study. That's the best way to increase practical with the theoretical knowledge. The Jeffery staff are to respective and helpful to give all information. This is best part in our program.

We all guys on the July 4th ,2017 the independence day of US enjoy the fireworks in Wamego at downtown. We all IEP student are go the Wamego with help of KSU staff. They gives the info about the US independence day and how they celebrate the this day. We really enjoy this day at night in Wamego. This day some of history of the US independence. In fireworks we enjoy the fireworks at least 15-20 min continuously. That the amazing day in US trip. In that way we can say that US enjoy that independence very proudly and full enjoyment like us. And that prove the real nationality how they like own country. That better experience for us.

I believe that imagination is stronger than knowledge. That myth is more potent than history. That dreams are more powerful than facts. That hope always triumphs over experience. That laughter is the only cure for grief. And I believe that love is stronger than death.

THE KSU IS BEST EXPERIENCE FOR MY LIFE. THE IEP IS HELP ME TO MY PART OF FURTHER STUDY. THE IEP IS EXPERIENCE FOR FUTURE FURTHER STUDTY. THE KSU IS BEST PLACE FOR IMPROVE YOUR STUDY AT DESIRED LEVEL. I MOSTLY LIKE STUDY METHOS WHICH IMPRESS ME TO STUDY IN USA.

DIKESHKUMAR KANANI
MECHANICAL ENGINEERING

THE BEST EXPERIENCE IN KSU THAT METHOD OF STUDY. METHOD OF STUDY WHICH IMPROVE LEVEL OF THINKING AND STUDY. I MOSTLY LIKE THE OCEAN OF THE BOOK "HALE LIBRARY'. THAT HELP ME TO IMPROVE MY KNOWLEDGE. I THANKS TO KSU AND GTU TO CREATE THIS TYPE OF PROGRAM AND MAKE ABLE ME.

RAVINDRASINH GOHIL
ELECTRICAL ENGINEERING

Outstanding educational experience with an exposure to innovative teaching techniques. Teaching environment is very friendly and interactive. K-state university staff are so friendly and we understand that how to be on time.

JIGNESHKUMAR PRAJAPATI
ELECTRONIC AND COMUNICATON ENGINEERING

I saw here new culture, it's totally different from our culture in India. I learnt new language which pronounces are very different. And also I make new friends and unforgettable moments with new him.

ARTH AMIN
MECHANICAL ENGINEERING

This academic experience at KSU inspire me to be a better engineering. The KSU gives me better knowledge and faculty are too friendly and too much full of knowledge.

MEET PATEL
MECHANICAL ENGINEERING

Good and very usefully experience to me. IEP makes me better for my further abroad study. I like the culture and method of study.

SHIVAM PATEL
ELECTRICAL ENGINEERING

This is my good experience in ksu. KSU gives me lots knowledge and I like the advanced method of study of United States. This experience is make me better in my study and more punctual.

MILANKUMAR PATEL
ELECTRONIC AND COMUNICATON ENGINEERING

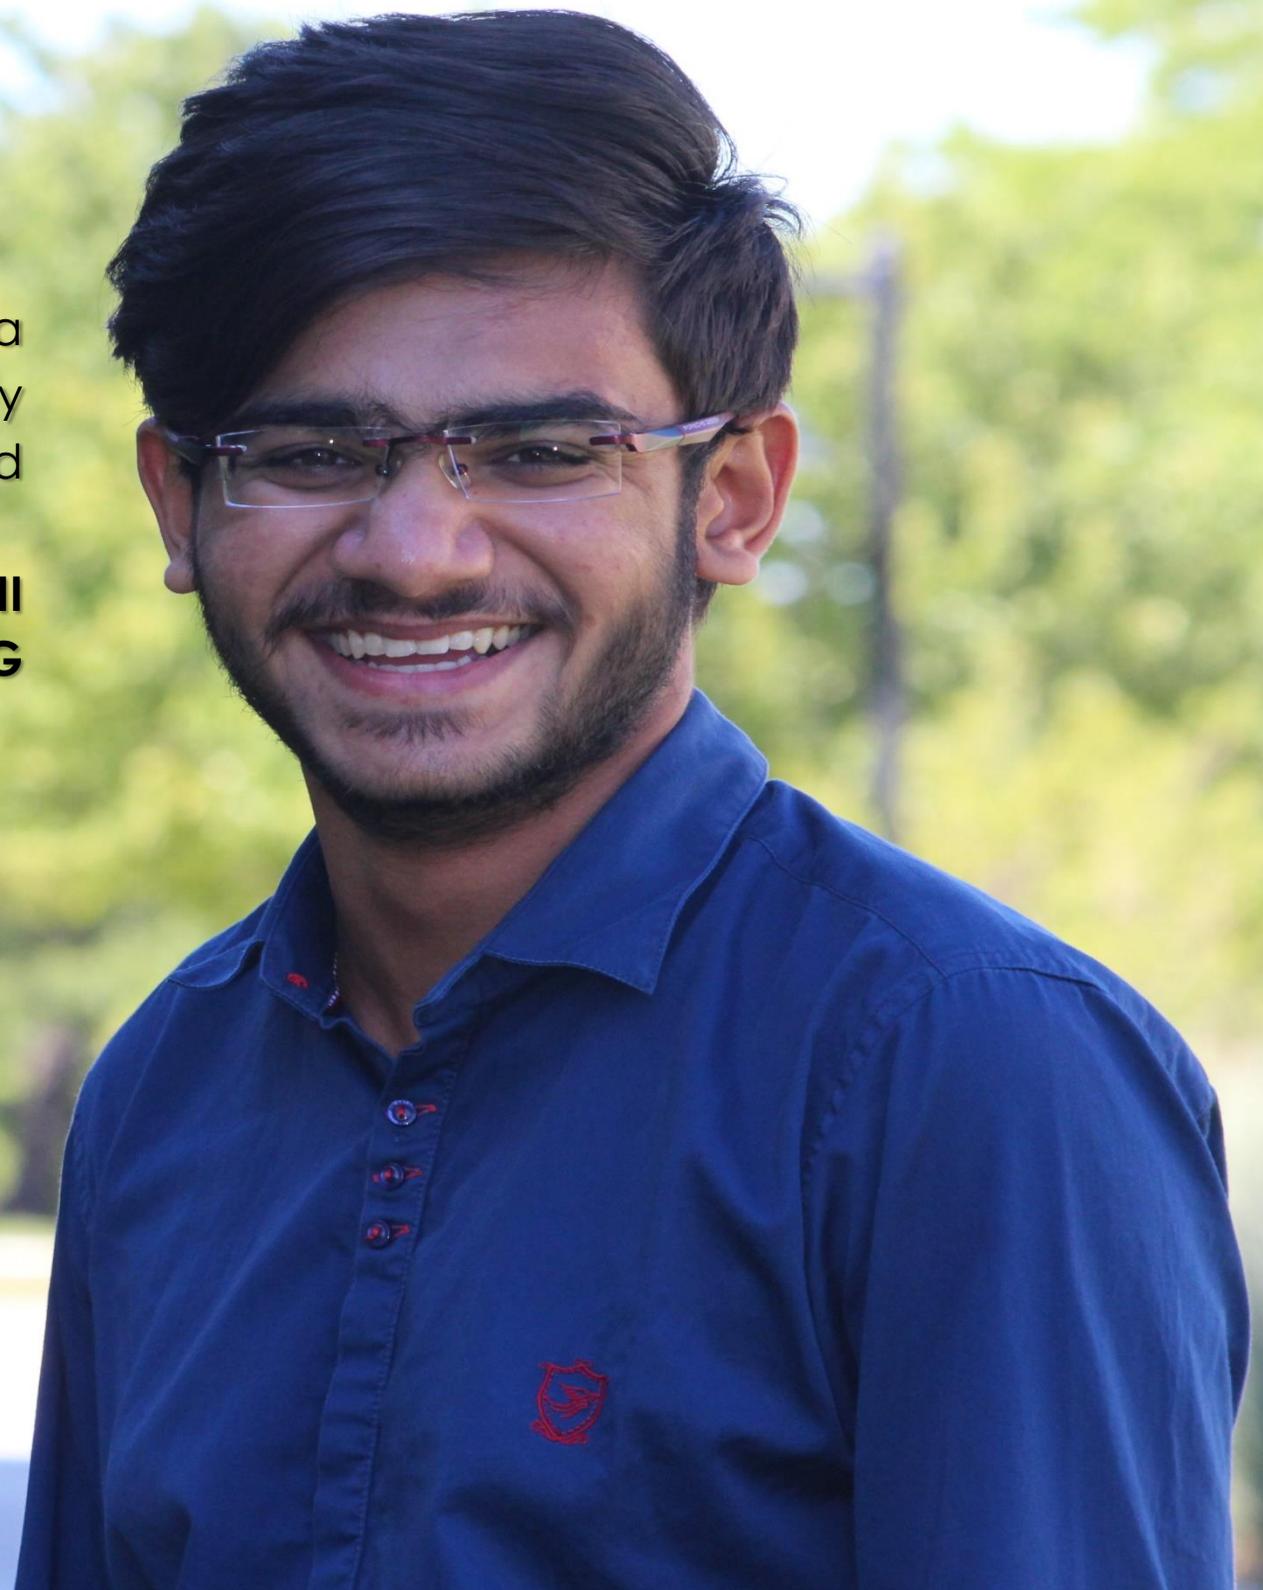

I am from mechanical department. Here in K-STATE we were introduced with new method of study. I like the education system of K-STATE. The technology is very impressive. It is very good experience over here.

KAUSTUB DAVE
MECHANICAL ENGINEERING

It is quite different the what we use to study in india but i really learned a lot from the different study method from KSU & really had a very good experience of KSU Education.

PARTH MAWANI
MECHANICAL ENGINEERING

Good to experience such a program in which we did something out of the box. Teaching method is exceptionally good. The best thing about K-state is that the emphasis on punctuality and rules.

VIRAJ LIMBASIYA
MECHANICAL ENGINEERING

IT WAS GREAT EXPERIENCE FOR ME AND LEARN SO MANY NEW THINGS ABOUT UNITED STATES OF AMERICA. I LOVE IT VERY MUCH AND MISS MY IEP BATCH. THANKS TO KSU AND GTU.

AKSHAT RAVAL
MECHANICAL ENGINEERING

RATHBONE HALL

K-STATE COLLEGE OF ENGINEERING

It's just awesome experience. And especially i like the way faculty are teaching. The KSU help me to find my level of study which helpful my further study.

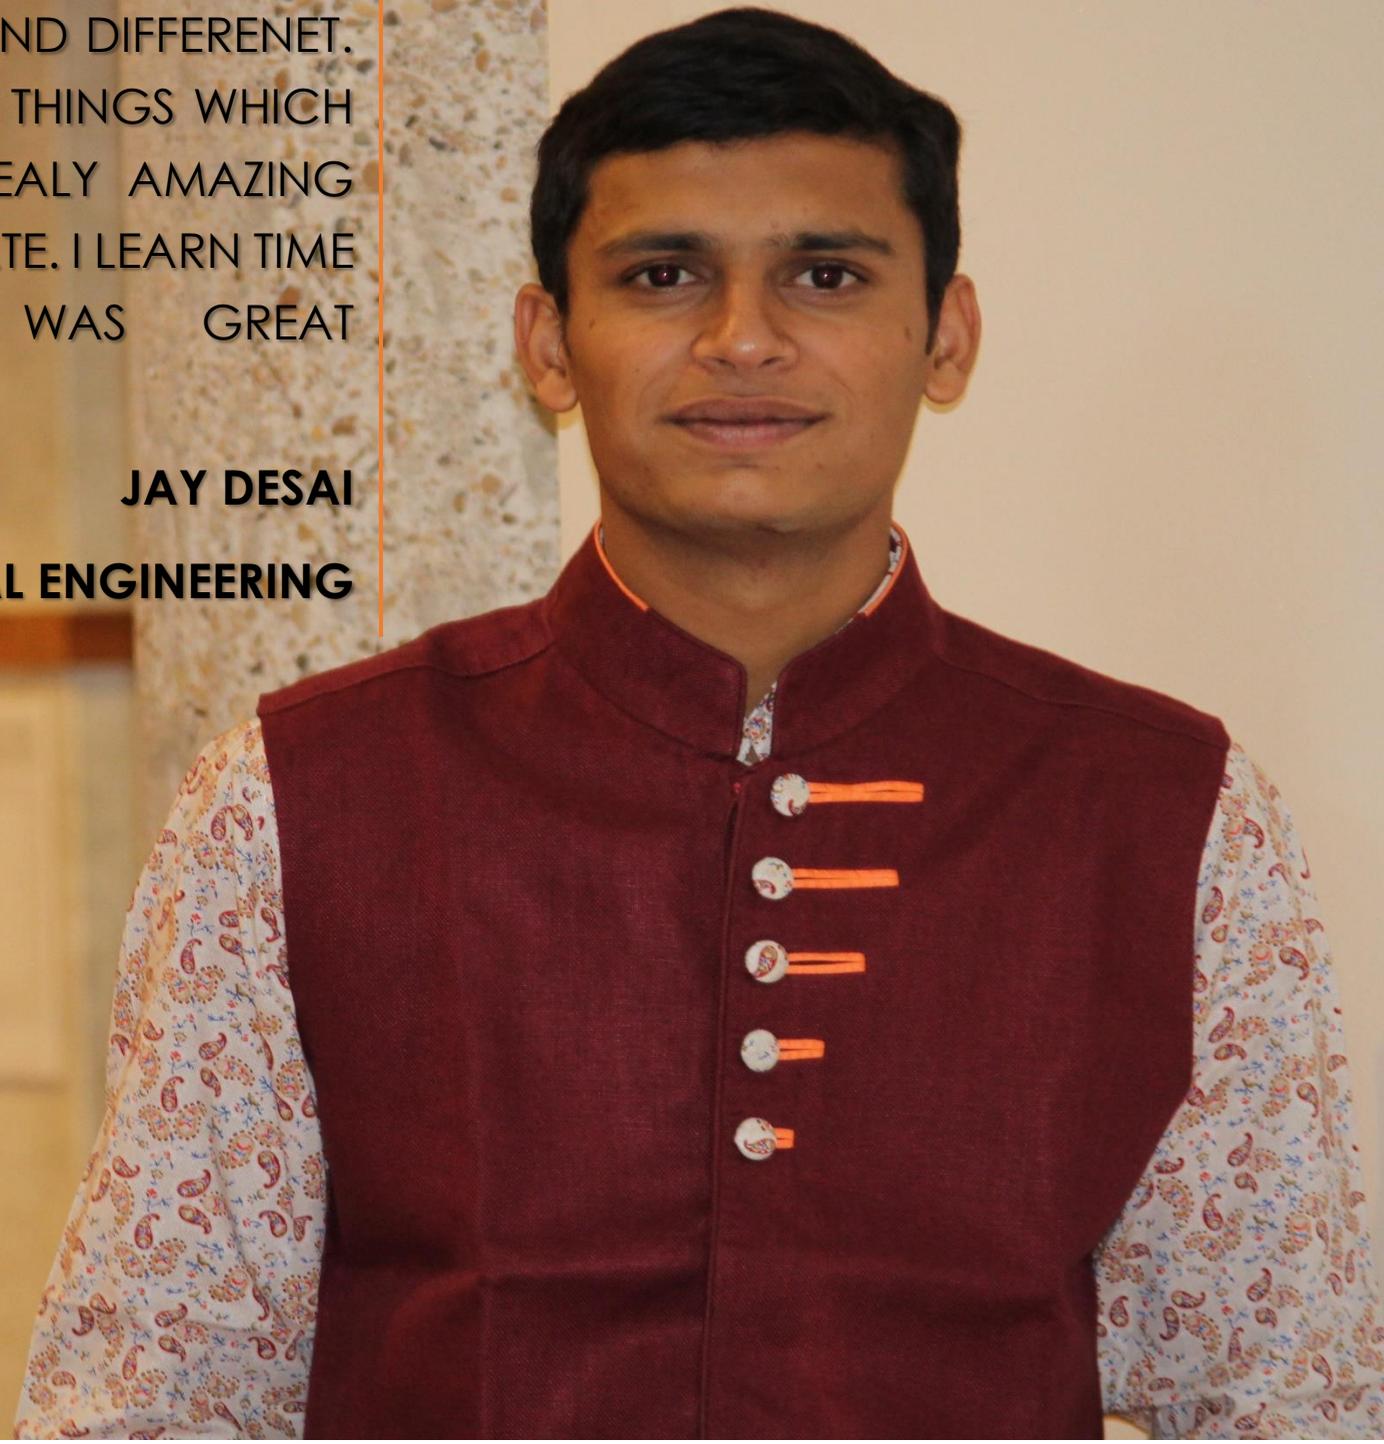

JAYRAJSINH RATHOD
MECHANICAL ENGINEERING

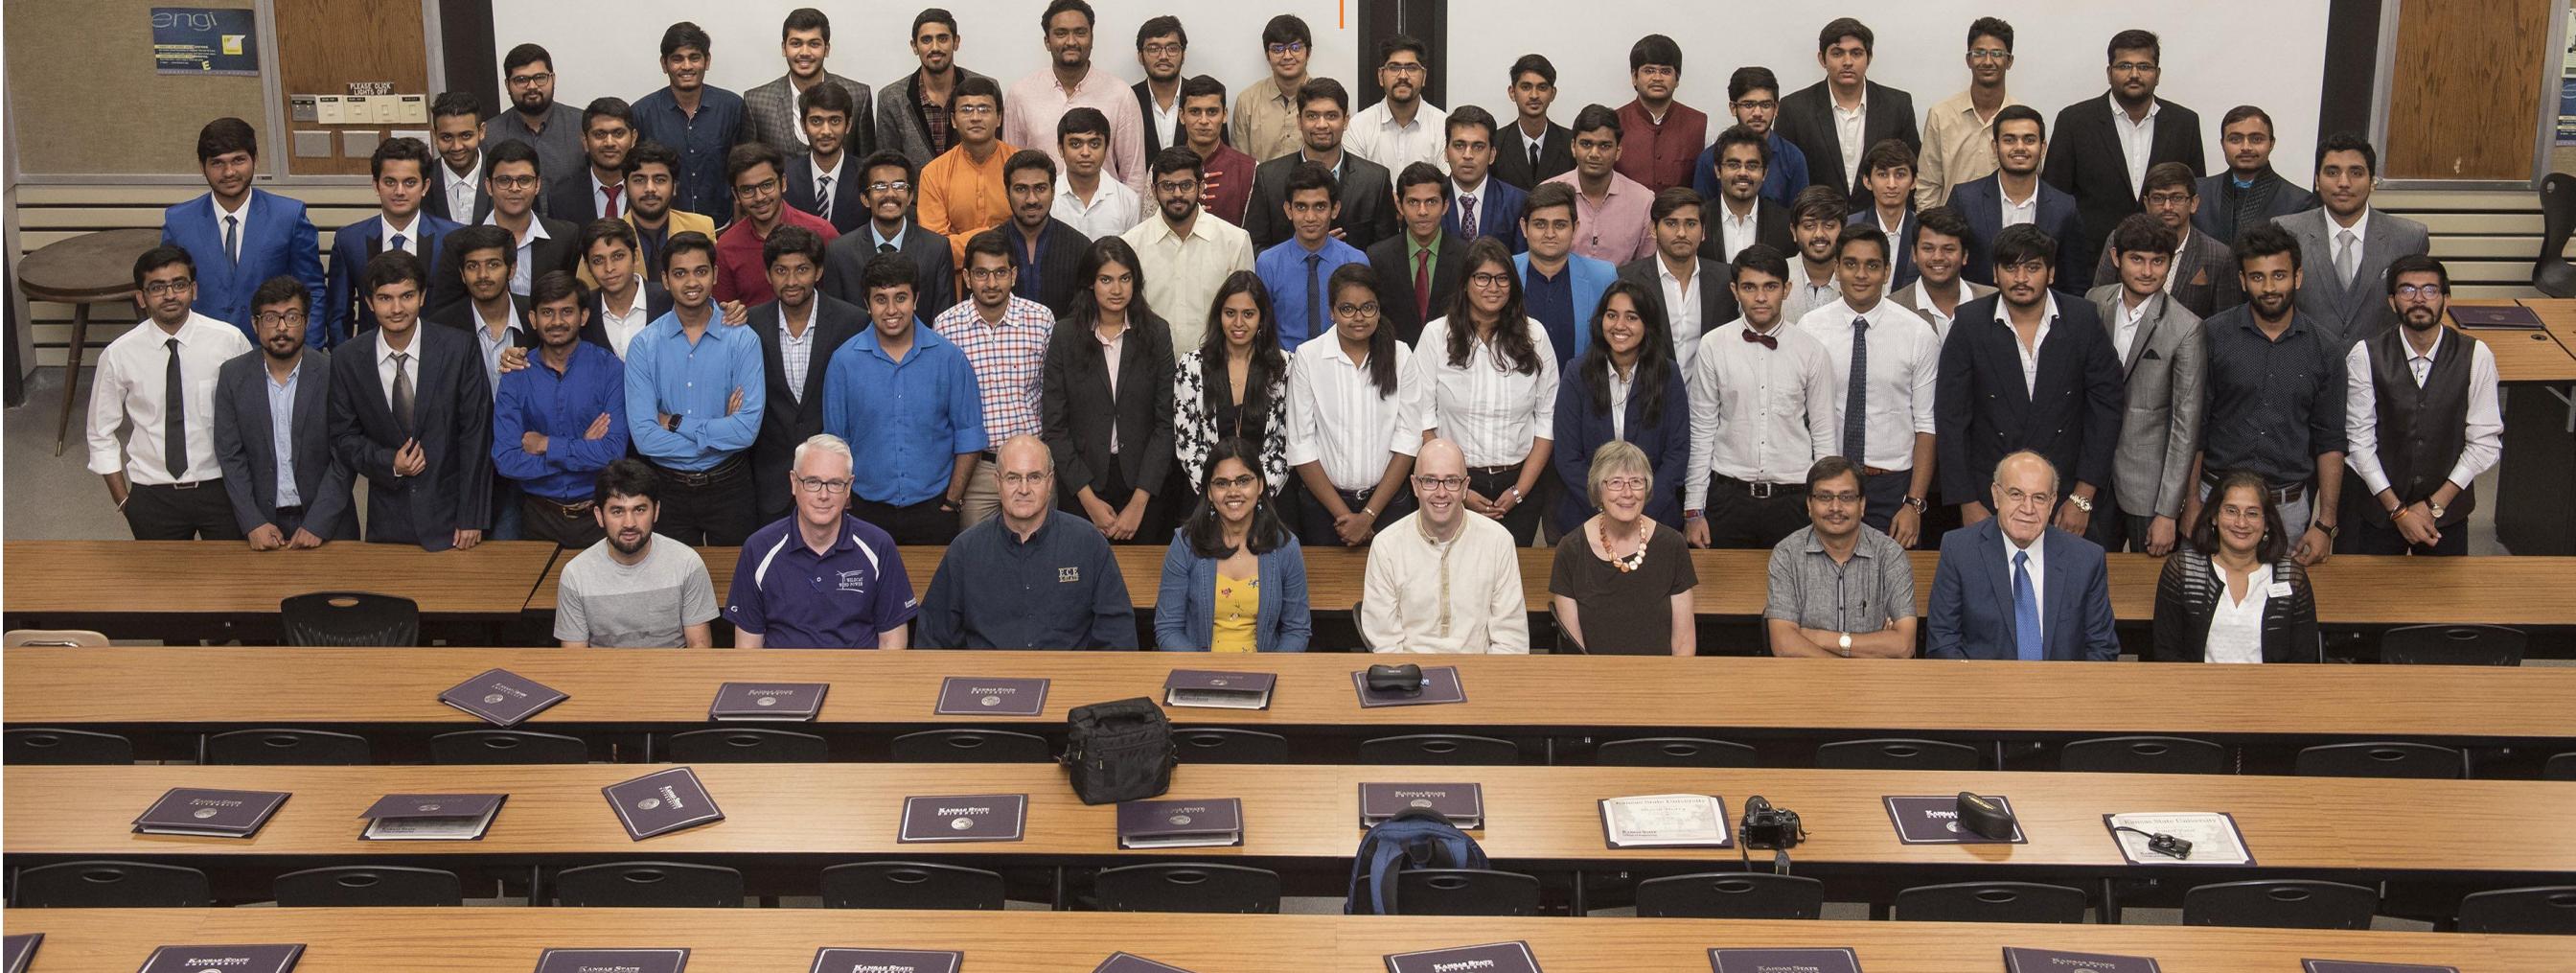

IT WAS GREAT EXPERIENCE ! THE METHOS OF K-STATE EDUCATIONIS UNIQUE AND DIFFERENET. I LEARNED LOT OF PRACTICAL THINGS WHICH IS NOT IN BOOKS. IT WAS REALY AMAZING EXPERIENCE TO STUDY AT K-STATE. I LEARN TIME MANAGEMENT SLSO. IT WAS GREAT EXPERIENCE OF KSU.

JAY DESAI

MECHANICAL ENGINEERING

WE HAPPY TO THANKS KANSAS STATE UNIVERSITY AND GUJARAT TECHNOLOGICAL UNIVERSITY FOR INTERNATIONAL EXPERIENCE PROGRAM. THIS PROGRAM IS BETTER WAY TO OUR FUTURE.

Unity is strength... when there is
teamwork and collaboration,
wonderful things can be
achieved.
